Outstanding Poster Award

is presented to

Taisei Ueda

Kyoto Institute of Technology

Title: Tensile and flexural mechanics of self-assembled polymer nanocomposite films with polymer-grafted nanoparticles using coarse-grained molecular dynamics

at the

MMM12
The 12th International Conference on
Multiscale Materials Modeling
Jeju, Korea
November 11th, 2026

MMM12 Conference Chair
Hyoung Seop Kim Hyoung Seop Kim
